**Rain date: September 12, 2010**

Join us for a Sunday drive following rally style instructions while you strive to meet your pre-trip estimated fuel mileage. Instructions will be simple enough for a child to navigate. A working odometer and navigator are not necessary but will be helpful.

At the beginning and end of the ride, you will fill your tank under the watchful eye of a TRAC official. TRAC officials will then calculate your mpg for the event.

**Two prizes per bracket will be awarded!**

One for the entrant who comes the closest to their predicted mpg without leaving their selected mpg bracket and the second for the best mpg within a selected bracket.

**Food and drink will be available at a restaurant (your cost) after the final fill-up.**

**Awards will be presented at the restaurant.**
