Discussion about BBTB 2011 and Downs Park return. - Downs Park & A.A. County officials want a presentation in writing as to what TRAC does at Downs Park for BBTB. (i.e. they want to know what type of music Steve Ports Trio is going to play, what food vendors we are going to use, moneys collected in park are for what use) As current TRAC President I asked for a member from TRAC to put this together for the club. I didn't want the next President to be in the dark as to what was transpiring with A.A. County for the show in 2011. I wanted to leave the door open for TRAC to decide its own fate.

Meeting was adjourned at 8:55pm
